Teams' Progress Report
Season 2019-20

DEVELOP BY

Marco Anjos
Technical Director

Gabriel Anjos
Head of Youth Development

The RFC-FA provides a vision for the future development of youth football in India and throughout the professional game. Our "Academy Report" is part of the Player Development Project, and it is the result of one entire season of monitoring the development of our teams.

TECHNICAL DIRECTOR MESSAGE

BE A CONTEXT FOR TRUE TALENT

“Between success and glory there is work, and we interpret work as training. Training is the indispensable tool for the overcoming. It's the only way to success.

- Marco Anjos

MARCO ANJOS, UEFA LICENSE COACH AND FORMAL BRAZILIAN INTERNATIONAL PLAYER WITH A LONG CAREER IN THE HIGH LEVEL OF FOOTBALL, THROUGH REPUTED CLUB AS SÃO PAULO FC, FLUMINENSE FC, SPARTAK SUBOTICA (SERBIA), HNK RIJEKA (CROATIA), ACADÉMICA (PORTUGAL), FC BRUSSELS (BELGIUM), ETC.

Today, the youth football in India it's a challenge bigger than anyone can expect. A wrong step in the wrong direction can change the destiny of one entire generation. The fate of every football academy in this country, so young and with so much to give to Asia, will depend totally on what are the priorities of each football institution.

Is the player development the main priority of the academy? It is the Academy's reputation at the top of all? Or it's the public's satisfaction our main goal? The reality is that no academy can't sustain itself all based only in one of these three factors. But every academy must understand that we are the responsible ones to change the current football situation of the country, we have the power to mark India the world football map, as a country with the capacity to play at

high level, to make Indian players play in the most reputed leagues.

Our final goal, through all our training methods and competent professionals from various fields of sports science, is to generate the correct context for real talent. We must understand that our priorities as an academy, a real Academy, is to produce talent, to keep the talent and absorb the max that we can from each talent. Talent doesn't grow in all kind of grounds. It demands a natural potential as the correct context [genotype/phenotype]. Our priority is to be the correct context.

This report intends to give the chance for the coach, athlete, and parents, to review what was the long sporting trajectory that the athlete had inside of our academy. The main objective goes beyond critical analysis. The focus is on the growth that our athlete had, as a player and as a man.
